

Test Identity

Software Engineering Manager | Backend Platforms & Internal Systems

555-0100 · test.profile@example.com · <https://linkedin.com/in/test-identity> · <https://github.com/test-identity> · Test City, TS, United States

PROFESSIONAL SUMMARY

Engineering leader with 9+ years delivering backend services, APIs, and enterprise SQL platforms for SaaS and internal business systems. Blends hands-on architecture, code review, and production troubleshooting with mentoring engineers and driving SDLC quality through testing, observability, and release discipline. Experienced in C#, Java, SQL Server, and cloud delivery across remote, cross-functional teams—translating product priorities into secure, scalable solutions.
